GROUP DRAINAGE REQUEST

NO: \_\_\_\_\_

Date 9/24/65

To: Ottawa Soil Conservation District.

We, the undersigned landowners, request assistance for the investigation of Open Ditch problems. We give the District or its representative ingress and egress on our lands to make a survey.

The District shall not be liable for damage resulting from this survey except any damage caused by gross negligence or willful misconduct. We agree to furnish local labor and material as needed to assist in making the survey.

We further agree that if the preliminary survey indicates the proposed project to be feasible and practical, we will initiate steps for the construction and agree on a method of maintenance. It is further understood that the survey will be made without costs to us as landowners.

Name of Project: Bayou

Location: Section \_\_\_\_\_; Township Harris;

Range \_\_\_\_\_; County Ottawa; State Ohio.
